Subject: DOE Initial Review Status

Dear Mr. Shapery:

This letter is in reference to your application submitted under Funding Opportunity Announcement (FOA) DE-FOA-0000028 entitled "Recovery Act-Transportation Electrification".

A preliminary evaluation has been conducted on your application by the appropriate technical and management personnel of the U.S. Department of Energy, National Energy Technology Laboratory. I am pleased to inform you that the results of this preliminary evaluation are positive and your application will be subject to a comprehensive evaluation in accordance with the technical evaluation criteria listed in PART V of the FOA. Due to a favorable response to the FOA, it is estimated that the comprehensive evaluation will take approximately three (3) months to complete.

On behalf of the Office of Vehicle Technologies, I would like to congratulate you on successfully passing the preliminary evaluation requirements and wish you the best of luck with the comprehensive evaluation process. Please contact Jeffrey S. Kooser with any further questions that you may have regarding your application.

Sincerely,

Jeffrey S. Kooser
